

Sports Trainer Re-Accreditation

Successful completion of the Level 1 Sports Trainer course provides an opportunity for participants to become a SMA Nationally accredited Sports Trainer. This is the standard required to perform the duties of a sports trainer in most of Australia's major sporting codes. To remain accredited by Sports Medicine - Sports Trainers must complete CPR annually, first aid and Sports Medicine Reaccreditation every 3 years.

Recently in Swan Hill 5 participants completed their reaccreditation from the following clubs:

Swan Hill Football Netball Club, Macorna FNC, Tyntynder FNC, Tooleybuc/Manangatang FNC and Moulamein FNC

This course recognises participants as a nationally accredited sports trainer, providing skills on how to prevent and manage injuries on and off the sporting field.
